*"Over 100,000 Americans have  
improved their lives with ResponseLINK".*

ResponseLINK provides 24 hour, 7 days a week emergency response monitoring for our subscribers. Just press the button and, within seconds, a professionally trained ResponseLINK operator will get help on the way and stay on the line with you, or your loved one, until that help arrives.

A Certified ResponseLINK Safety Consultant will come to your home to install, range test and explain how our service saves lives. We will also provide, free of charge to each subscriber, a Home Safety Evaluation that helps reduce home accidents and falls.

*ResponseLINK is there for you...always!*

# ResponseLINK Services

## SafetyLINK

Our Basic Service Offers More Features Than Any Other Company in The Market Place.

These are a few of our basic features...

- 24 hour Emergency Monitoring Center.
- 100% waterproof pendant that can be worn around the neck or wrist.
- The industry's only "Smart Pendant".
- Free Daily General Reminders.
- Speaker Phone Capability.
- Power Off Signal When Power Goes Out (great for patients on oxygen).
- Battery Back-up System.
- Superior Pendant Coverage.
- ServiceLink – 3 custom speed dial buttons.
- Lockbox for spare house key.
- No Long Term Contract Pay Month to Month.

With ResponseLINK, you are Never Alone.

Someone is always available any time you need help. Our trained professional operators will always stay on line until help arrives.

ResponseLINK uses the most advanced technology found in a PERS system today:

- Compact, state-of-the-art base unit with the most advanced 2-way communication.
- Smart Pendant that self-checks battery levels several times a day.
- Use our Smart Pendant to answer the phone with just a push of the button!
- UL Listed / Tested / Approved equipment and monitoring center.

## SafetyLINK Plus

Our Premium Service offers all of the benefits and features of SafetyLINK, plus "operator assisted" reminders for as many times as needed per day!

- Monitored Medication Reminder.
- Health Test Reminders.
- Wake-up calls and Wellness Checks.

Each reminder is custom-tailored to meet the individual needs of our subscribers.

A Leader in Customer Care.

Whenever help is needed, for what ever reason, day or night, simply press the button and a trained professional will assist you by contacting paramedics, an ambulance, the police, family members or even the neighbors.

Enjoy your independence, worry free, knowing that someone is available to answer your call for help... anytime... 24 hours a day... at the touch of a button.

**Now You Can Live On Your Own  
Without The Fear of Being Alone**

**ResponseLINK  
is there for you!**
